OFFICIAL PAPERS.

Abstract of Season or Intermediate Reports for the Week ending 21st February 1880.

Bangalore District.—Crops generally in good condition. Prospects of season fair. Public health good. Prices slightly risen.

Kolar District.—Standing crops in good condition. Water supply running short in parts. Prospects fair. Public health generally good; fever prevalent in some parts. Murrain continues to prevail among cattle. Prices stationary.

Túmkúr District.—Paddy and sugar-cane crops doing well. Prospects of season good. Chicken-pox and measles prevalent at head-quarters.

Mysore District.—Standing crops (sugar-cane) in good condition. Prospects of season fair. Public health indifferent. Prices stationary.

Hassan District.—The Vaisak paddy crop and sugar-cane in some taluks are thriving. Oil seed and Bengal-gram are being reaped in the Hassan, Channaraypatna and Haranhalli Taluks. Prospects of season fair. Public health good, but fever and ague prevalent in Manjarabad and Haranhalli. "Dod roga" is still prevalent among cattle in some taluks. Prices stationary.

Shimoga District.—Sugar-cane being planted. Prospects of season good. Fever prevalent, otherwise public health good. Prices risen in the Taluks of Channagiri and Honnali, fallen in Sorab, and stationary in the other taluks.

Kadur District.—Crops in good condition. Prospects favorable. Public health generally good Prices fluctuating.

Chitaldroog District.—White javari, wheat, channa and cotton crops in good condition. Wheat and channa were harvested, and cotton picked in some parts of the District. Prospects of season good. Public health generally good. Murrain, foot and mouth disease prevailed among cattle in some parts. Price of ragi slightly risen, that of rice fallen.

Coorg.—Agricultural prospects good. Health good.

By Order,

W. J. CUNINGHAM,
For Revenue Secretary.
